Good evening Kim, Gab and Luke,

We are now in the final stages of finalising our advice for government, which will include: opportunities for pricing reform; insights into price harmonisation; a data strategy to support a proposed new pricing approach, as well as a transition strategy. We will be taking our draft findings and recommendations to our board in late November.

Michael Pervan (CEO) and I would like to find a time to brief you on where this is landing – we would prefer to bring both offices together to do this. I have also extended this invitation to our policy colleagues from both Health and DSS (cc'd above).

We have time available on **Friday 29th November**, any time from **12.30pm onwards**.

Can you please let me know what would suit you and we will send and invite through.

I look forward to hearing from you

Kind regards
Gill
