**ICD-10-AM/ACHI/ACS
Thirteenth Edition**

Errata 4

**For implementation
1 April 2026**

OFFICIAL

How to use this document

The ICD-10-AM/ACHI/ACS classification system is used for classifying admitted patient care and comprises the following:

- International Statistical Classification of Diseases and Related Health Problems, Tenth Revision, Australian Modification (ICD-10-AM)
- Australian Classification of Health Interventions (ACHI)
- Australian Coding Standards (ACS).

For the published hardcopy books, ICD-10-AM/ACHI/ACS errata may be issued to correct errors that have been identified since the time of publishing. Users are required to incorporate these corrections when using the published hardcopy books.

This document lists corrections to be made to each of the hardcopy books listed in the following order:

- ICD-10-AM Tabular List
- ICD-10-AM Alphabetic Index
- ACHI Tabular List
- ACHI Alphabetic Index
- Australian Coding Standards

Each correction includes:

- The hardcopy book page reference
- The existing text with track changes detailed in a white box (eg ~~deleted text~~, [added text](#))

Example of correction

Page #	
CODE	Code description
▼ACS	Incorrect Corrected text

ICD-10-AM Tabular List
